2. What budget/finance/accounting training do you feel are your biggest needs?

Course (including a manual) on Government (DOE) Accounting Principals that is specifically geared for new hires having no previous government accounting experience.

Course (manual) that provides a concise summary of what is included in the DOE Accounting Handbook.

Course (including a manual) on Government (DOE) Budgeting Principals that is specifically geared for new hires having no previous government budgeting experience.

3. Have you used any outside sources for financial training? If so, please list any financial management training courses (budgeting, accounting, etc.) you would recommend to others in the DOE financial community. (Also include any non-finance classes that you found to be very good!)

Course Title:

Vendor

Note: Several of our staff have Continuing Professional Education requirements (approximately 48 credit hours every two years) in order to maintain their CPA licenses. However, most of the courses available to meet these requirements are geared to industrial/ commercial matters. We have not had much success finding useful training courses specifically geared to government accounting/ budgeting topics.

We also utilize as a reference book to find useful training a text called Nationwide Training 2001.
